(d) The Government has given top priority for controlling the prices of essential commodities within reasonable limits Availability of selected essential commodities is monitored by various Ministries in Government. In order to augment the easy availability, Government has put the import of sugar, edible oils and cotton under open general licence. Commodities such as rice, wheat, sugar, kerosene soft coke and edible oils are being distributed through the net work of PDS at below market prices. State Governments have been requested to take action against hoarders, black marketeers and those indulging in unfair trade practices under the EC Act and other similar legislations. Stock holding limits of edible oils and oils seeds with traders, manufacturers and dealers have been reduced by 50 per cent to increase their availability in the market.
